

SCHOOL NAME: Colonel J.E. Farewell P.S.

OUR SCHOOL COMMITMENT

We are committed to establishing and supporting learning and working environments that are safe, welcoming, respectful, equitable, accessible, inclusive and free from discrimination, oppression and harm. Indigenous inherent rights, human rights and equity are at the center of our work. This fundamental commitment to human rights begins with meaningful investment in a Positive School Climate.

A Positive School Climate:

- Ensures that everyone is treated with dignity and respect;
- Expects, welcomes and includes everyone;
- Values, affirms and supports the expression of diverse identities;
- Promotes, protects and upholds Indigenous inherent rights and human rights – including students’ right to education without discrimination and employees’ right to employment without discrimination;
- Centres the rights of the child/student in ways that are not discriminatory and that do not cause or perpetuate harm;
- Prioritizes relationships, well-being and equity through a Whole School Approach.

While we work proactively to promote positive and respectful interactions, we will also address any behaviour or interaction that is likely to have a negative impact on the school climate, including bullying, discrimination and other forms of harmful interaction. In planning our responses, we will consider and provide support for all impacted staff and students, including those who were harmed, those who witnessed the harm, and those who caused harm.

We will promote a Positive School Climate in both proactive and responsive ways

MINISTRY STATEMENTS

“A positive school climate exists when all members of the school community feel safe, included, and accepted, and actively promote positive behaviours and interactions. Principles of equity and inclusive education are embedded in the learning environment to support a positive school climate and a culture of mutual respect. A positive school climate is a crucial component of bullying prevention.”

Taken from Ministry of Education of Ontario, PPM 145

“Bullying will not be accepted on school property, at school-related activities, on school buses, or in any other circumstances (e.g., online) where engaging in bullying will have a negative impact on the school climate.”

HEALTHY RELATIONSHIPS

Healthy Relationships are grounded in treating one another with dignity and respect.

Healthy Relationships provide:

- A sense of security and stability
- Basic needs
- A sense of being valued and belonging
- Support and guidance to learn essential skills and understanding
- Protection from excessive stress

All adults who are responsible for children play an important role in teaching them about healthy relationships and bullying. Teachers, parents/guardians, and other adults involved in children's lives:

- Model relationship skills and attitudes
- Create positive situations in which children and youth interact.

Children will only learn positive relationship skills and attitudes if they observe and interact with adults who model positive relationships when interacting with children and adults.

PREVNet

HARMFUL INTERACTIONS

Bullying: Aggressive and typically repeated behaviour by a pupil where...

- (a) the behaviour is intended by the pupil to have the effect of, or the pupil ought to know that the behaviour would be likely to have the effect of,
 - i. causing harm, fear or distress to another individual, including physical, psychological, social or academic harm, harm to the individual's reputation or harm to the individual's property, or
 - ii. creating a negative environment at a school for another individual, and
- (b) the behaviour occurs in a context where there is a real or perceived power imbalance between the pupil and the individual based on factors such as ancestry, size, strength, age, intelligence, peer group power (e.g., popularity), economic status, social status, religion, ethnic origin, sexual orientation, family circumstances, gender, gender identity, gender expression, race, disability or the receipt of special education

For the purposes of the definition of "bullying", behaviour includes the use of any physical, verbal, electronic, written or other means.

Aggression: A response to conflict, threat or an internal emotional state of anger/irritability in which the intent to harm may or may not be present. Aggression...

- (a) can take direct or indirect forms, including physical, verbal, social and electronic
- (b) can become bullying when a power imbalance in a relationship develops over time because repeated acts of aggression may intimidate the person on the receiving end

Teasing: A type of "playful" interaction that can range from positive (e.g., bantering, joshing, ribbing) to negative (e.g., mocking, pestering, tormenting)

- (a) Positive teasing takes place within a healthy relationship. It is good natured, fun and reciprocal
- (b) Negative teasing is characterized by words or actions that cause harm on one or both sides of the interaction. Negative teasing harms relationships as well as the school climate

Slurs and personal insults: The use of discriminatory, targeted or hateful language that is focused on Human Rights Code grounds, a person’s identity or personal characteristics is never acceptable, whether this language is used in the context of bullying, conflict, teasing or aggression. These include:

- (b) Personal insults that target traits like body type and other physical characteristics, “intelligence,” personality traits or personal interests

Conflict: A normal type of interaction that everyone should learn to navigate and resolve effectively. Conflict may be distinguished from other harmful interactions in that...

- (a) there is no power imbalance between those in conflict, or at least, the power imbalance is not being weaponized by the person with more power
- (b) all parties are typically invested in resolving the conflict (or at least ending it)
- (c) conflict most often occurs among people who share an existing relationship: classmates, siblings, friends, partners, colleagues, etc.
- (d) tensions underlying the conflict are not related to identity (e.g., ancestry, race, ethnicity, gender, sexual orientation, religion) and may be amplified by stressors for one or both parties in conflict
- (e) conflict typically centers on disagreement, personal errors, unclear or unmet expectations, or poor communication

Cyber-bullying: For the purposes of the definition of “bullying” seen here, bullying includes bullying by electronic means (commonly known as cyber-bullying), including,

- (a) creating a web page or a blog in which the creator assumes the identity of another person;
- (b) impersonating another person as the author of content or messages posted on the internet; and
- (c) communicating material electronically to more than one individual or posting material on a website that may be accessed by one or more individuals.

Strengths and Goals

What the Data Tells Us – School Climate and Well-being Surveys and Other Data

As part of the on-going monitoring and evaluation process, schools gather data from various of sources, including school climate surveys of students, staff and parents/caregivers every two years. Our school data indicates the following:

Strengths:

14.8% of students reported that they have been bullied at school this year
48% of students feel important
59.4% of our students reported feeling like they belong and are connected
66.6% of students report that they have supportive relationships
69.4% of students reported that they are engaged in meaningful learning
79% of students know how to report bullying
78% of students feel it is a welcoming school
87.5% of students report feeling safe at school

100% of staff that this is a welcoming school

Based on the analysis of various sources of data, our school has identified specific bullying prevention and intervention goal statements for this school year. These goal statements will drive our actions for this year. Outcomes will be monitored and assessed using a continuous improvement cycle.

Goals:

-If we elicit student voice in a variety of ways (e.g., focus groups, survey data, documentation,) to determine what students need to feel like they belong and feel connected, we will be able to make informed decisions on next steps to support a positive school climate.

Proactive Approaches

What We are Doing in Our Classrooms and in Our School - Strategies that Promote a Positive School Climate

Our school is implementing a variety of strategies to support student well-being, affirm and promote diverse identities, and create a welcoming environment. These strategies involve students, staff, parents and community members as part of a whole school approach. Below are highlights of our strategies:

- Staff Leadership Committees (Equity, Connection, Inclusion, Numeracy, Literacy, Community Engagement, Indigenous Rights and Ways of Knowing)
- Bias Aware Progressive Discipline Model and Restorative Practice
- 5As Character Awards/Assemblies
- House Colours Initiative (School-wide assemblies, pep rallies, challenges, etc.)
- Digital Citizenship Presentation from Police Liaison Officer
- Ignite Durham Learning Foundation Partnerships (e.g., food drive, Toonie Tuesday, etc.)
- Community Circles
- Character Education
- Winter Concert & Musical Production
- Bullying Prevention Forum

How Student Voice is Present in Our School

Engaging students to help shape the learning environment is an important component of a whole school approach in promoting a positive school climate – a climate in which *each and every* student feels that they matter. The following examples are highlights of student voice in action at our school:

- Bullying Prevention Forum
- Student lead announcements and acknowledgement
- Positive School Climate Committee
- Athletic Council
- Spirit Squad
- Empower Her & Cypher Conferences
- Belonging and Connectedness Survey
- Health Fair
- Wellness Week Workshops

How we create the conditions whereby students feel safe to report bullying and other harmful interactions at our school.

Creating the conditions within which students may feel safe to report begins with investment in relationship and the promotion of a Positive School Climate. Additionally, procedures may be put in place that facilitate students and parent/caregiver reporting as well as procedures that outline the requirements for staff to report such instances in accordance with legislation.

Student Reporting:

- Reporting bullying or other harmful interactions to a trusted adult (e.g., parent/caregiver, teacher, administrator, support staff, police liaison officer).
- Using the “Report Bullying Now” button on the school/board website provides students a more discreet means of reporting bullying behaviours.

Staff Reporting:

- “The Education Act states that an employee of the board who becomes aware that a student at the school of the board may have engaged in a serious student incident shall report the matter to the principal as soon as reasonably possible” (PPM 144)
- When appropriate, staff complete and submit the “Safe Schools Incident Reporting Form – Part I” to the principal. The principal provides written acknowledgement to the employee using the “Safe Schools Incident Reporting Form – Part II” (PPM 144)

Parent/Community Reporting:

- Reporting bullying and other harmful interactions to the classroom teacher, support staff and/or administration
- Using the “Report Bullying Now” button on the school website

Strategies that help students to feel safe to report (e.g., relationship-building strategies, reporting mechanisms, awareness-building)**1. Building Relationships, Connectedness and Sense of Belonging**

- Whole-school focus on identity, inclusion, and belonging — celebrate diversity across race, culture, gender, ability, and background through curriculum, assemblies, displays, and discussions. When students’ identities are recognized and respected, they’re more likely to trust staff and feel safe to speak up.
- Whole school House Colour Initiative to promote connectedness
- Peer-support & Buddy program (e.g., older students mentoring younger ones).
- Celebration of 5As to promote a school culture where every student feels celebrated, not just for academic performance but as an individual with unique strengths

2. Promote a positive classroom climate:

- Regular class meetings or restorative circles where students can discuss concerns respectfully.
- Clear, consistent expectations for kindness, respect, and inclusion.
- Growth mindset that model vulnerability and openness — showing it’s safe to share mistakes or struggles

3. Awareness- and Skill-Building Strategies

- Explicit lessons on what bullying looks like (physical, verbal, social, online).
- Discuss the difference between conflict and bullying
- Train students in safe bystander actions: supporting victims, seeking help, and reporting safely
- Recognize and celebrate positive bystander behavior
- Annual “anti-bullying week” & Pink Shirt education, events, posters, assemblies, and student-led projects.
- Peer ambassadors lead awareness activities and normalize speaking up through Bully Prevention Forum
- Words Matter Campaign

4. Staff Training and Accountability

- Adults’ responses determine whether students continue to report.
- Professional development on trauma-informed and culturally responsive practices.
- Training in how to respond effectively and consistently to reports.

- Considering the broader context and implications of the harmful interaction (e.g., racism, homophobia, transphobia, biphobia, Islamophobia, antisemitism, faithism, classism, ableism, misogyny) in order to inform both immediate and long-term responses
- Developing an action plan that is responsive and supportive
- Taking concrete steps to repair relationship and restore a Positive School Climate
- Considering individual, class, and/or whole-school learning opportunities to foster the conditions wherein similar situations may be prevented in the future, e.g., providing a school-wide lesson or activity on anti-Asian racism in the context of COVID-19
- Consulting and collaborating with community partners, affinity groups and DDSB departments, as appropriate (e.g., DBEN, DENSA, KIEN, MEND, Equity, ISS, Indigenous Education, Positive School Climates)
